Mr. R. S. Parham,
Greenville, Ga.

Dear Sir;

Enclosed find copy of letter that I wrote to Mrs. P. L. Longley of LaGrange a few days ago which explains itself. I am getting up a complete history of the Collier Family from the 15th Century and have completed almost everything in fact have it up to within the last two or three generations. I would appreciate it if you would give me all the information desired and requested from Mrs. Longley. It seems she is unable to get it up and states you had a complete record and has referred me to you.

If you ever come to Barnesville we will be glad to see you as we have over here in our family another Robert Cuthbert Collier.

Very respectfully and sincerely
